## INDUSTRIAL CHEMISTRY

Resourceful Industrial Chemistry graduate with experience managing laboratory tasks, conducting research, and ensuring precise chemical analysis. Proficient at applying theoretical knowledge to practical application, providing precision, efficiency, and adherence to quality standards. Skilled in utilizing advanced laboratory equipment, analyzing data, and collaborating with multidisciplinary teams to achieve organizational goals. Maintain compliance with safety regulations, and manage time-sensitive projects effectively. Known for a proactive approach, attention to detail, and the ability to adapt quickly to new challenges, ensuring support and effective contribution in the industrial and laboratory environment.

### SKILLS

| SOFT SKILLS           | HARD SKILLS                   |
|-----------------------|-------------------------------|
| Attention to Detail   | Quality control and Assurance |
| Critical Thinking     | Laboratory Techniques         |
| Adaptability          | Chemical Analysis             |
| Analytical Thinking   | Technical Reporting           |
| Communication skills  | Research And Development      |
| Organizational skills | Material Testing              |
| Team Collaboration    | Data Analysis                 |
| Time Management       | Safety protocols              |

### WORK HISTORY

2021

**OLAOLUWA INTERNATIONAL COLLEGE, IJAYE ORILE,**  
IBADAN OYO STATE

**Overview:** In my role as a passionate chemistry teacher with expertise in simplifying complex concepts for diverse learners. I'm an expert in creating dynamic lesson plans and notes, managing hands-on laboratory experiments, and integrating modern teaching tools to enhance student engagement. I am Proficient in assessing student performance and supporting academic and personal growth. I am always committed to promoting scientific literacy and continuous professional growth and cultivating future-ready skills in students.

#### Roles and Responsibilities:

- Maintain accurate records of student grades, attendance, and academic progress.
- Design and implement comprehensive lesson plans aligned with the curriculum.
- Teach fundamental and advanced chemistry concepts, including organic, inorganic, and physical chemistry.
- Supervise and guide students in conducting safe and accurate laboratory experiments.
- Ensure strict adherence to safety protocols during lab sessions.

**ACHIEVEMENT:**

- Achieved a 85% student success rate in end-of-year examinations by employing innovative teaching strategies and personalized support.
- I Maintained a 100% safety record in laboratory sessions by ensuring strict adherence to safety guidelines and conducting regular student training.
- Developed and introduced a custom chemistry curriculum that improved student performance.

2018

**TOP WAY PHARMACEUTICAL INDUSTRY,**

Ilishan Ogun State

**Overview:** As a quality control (QC) staff member at Top Way Pharmaceutical Industry, My role involves monitoring production processes, inspecting products, and maintaining compliance with health, safety, and industry regulations.

**Roles and Responsibilities:**

- Carried out the assay analysis of a finished drugs
- Regularly check raw materials, production equipment, and finished products to ensure quality and consistency.
- Maintain detailed records of inspections, tests, and corrective actions for audit and reporting purposes

**ACHIEVEMENT:**

- I Maintained a 100% safety record in laboratory sessions by ensuring strict adherence to safety guidelines and conducting regular student training.
- Developed and introduced a custom chemistry curriculum that improved student performance
- Led the implementation of a quality management system that improved production efficiency and reduced defect rates.

**EDUCATION**

---

|                             |           |
|-----------------------------|-----------|
| THE GREAT CRESCENT SCHOOLS  | 2002-2008 |
| THE SOURCE SCHOOLS          | 2008-2014 |
| OLABISI ONABANJO UNIVERSITY | 2015-2020 |

**REFEREES**
