Experience

SEPTEMBER 2018 - OCTOBER 2021

Morayo Hospital, Badagry – *Auxiliary Nurse*

- Delivered nursing care to newborns, infants, and children with acute and ambulatory conditions in a 40-bed unit.
- Assisted in delivery of 120+ newborns in the hospital
- Performed health exams for illnesses, injuries, and life-threatening conditions, developed treatment plans, and provided emotional support to patients.
- Collaborated with the other healthcare professionals to improve patient outcomes, to reduce mortality rate.
- Completed surgical ICUs under the supervision of a registered nurse and ensured compliance with hospital protocols
- Prepared surgical tools and operating theaters, replenished medical inventory and equipment and ensured compliance with sanitation and hygiene regulations
- Oversaw the preparation of patients for surgery daily and supported post-surgical care before transfer to the recovery unit.

DECEMBER 2021 - JUNE 2022

Riha's Clinic, Badagry – *Assistant Nurse*

- Worked with a more experienced nurse to create treatment plans, providing accountability for patients and monitoring vital signs
- Coordinated and implemented nursing activities while preparing notes for any assessment and care given
- Performed tests on newborns after birth to ensure well-being
- Performed triage for children born in adverse conditions
- Worked closely with parents to provide instructions on caring for their newborn outside of the hospital, responding to messages within 2 hours
- Administered a wide variety of services, including catheterization, tube feedings, applying and changing bandages, colostomy, taking blood, and assisting with ADLs
- Communicated health care instructions to the patient per assessment and plan of care in a clear, empathetic way, responding to patient messages within 24 hours

AUGUST 2022 - MARCH 2023

God's Own Pharmacy, Badagry – *Pharmacy Technician*

- Supported a team of 7 pharmacy technicians in fulfilling over 1500 prescriptions per week
- Consulted with physicians and patients about medication dosages and drug interactions
- Counselling patients, under the supervision of 2 head pharmacists, following HIPAA regulations and using a thorough understanding of their medication history
- Collaborated with team members on purchasing, receiving, and inventory (rotated stock and checked for expired medications)
